Fleet Maintenance Guide

MOMS Mobile Oil Change - Service Planning for Fleet Uptime

Core KPIs to track

- Vehicle downtime hours per month.
- On-time preventive maintenance completion rate.
- Average maintenance cost per mile by vehicle class.

Preventive maintenance cadence

- Group vehicles by duty cycle and mileage utilization.
- Use reminder windows (for example 500 miles) before due mileage.
- Document each service event with date, mileage, and technician.

Compliance and safety

- Verify lights, brakes, tires, and fluid leaks at each visit.
- Store digital records for audits, warranties, and resale value.
