Vehicle Maintenance Checklist

MOMS Mobile Oil Change - Quick Monthly and Service Checklist

Monthly checks

- Check engine oil level and look for leaks under the vehicle.
- Inspect tire pressure and tread depth for all four tires.
- Top off windshield washer fluid and inspect wiper blades.

At each oil service

- Replace engine oil and oil filter with manufacturer-approved grade.
- Inspect air filter, cabin filter, and battery terminal condition.
- Review upcoming mileage-based maintenance items in owner manual.

Seasonal prep

- Test battery strength before summer heat or winter cold.
- Inspect coolant level and concentration for your climate zone.
